FLOCARE INFINITY PUMP

Portable enteral feeding pump, designed for controlling the delivery rate of enteral feeds into the gastrointestinal tract

- Clear LED display
- Water resistant
- Air bubble detection
- Upstream and downstream occlusion detection
- Flow rate 1-400ml/h in 1ml increments
- Dose feature 1-4000ml in 1ml increments
- Lithium ion battery 3.6V DC 2000 mAh, 6 hour charging time
- 24-hour battery life

- Extensive audio and visual alarms
- 1-touch manual priming to prepare the set
- Keypad can be locked
- Continuous memory of feeding program and volume delivered
- Accuracy flow rate of +/- 5% with appropriate Flocare Infinity pump set
- 0ml/hr default setting
- Size: 144 x 105 x 50 mm

PRODUCT CODE: 40407
The Flocare website contains clear and easy to follow educational resources, expert advice on using the pumps safely, and an interactive online training tool.
FLOCARE INFINITY GIVING SETS

The Flocare Infinity giving set range have the following features to promote safe and easy use:

- **Lilac tubing** to make a clear distinction between enteral and IV systems
- **ENPlus** compliant
- **ENFit** compliant
- Integral **medication port** with strapped cap
- **Patented anti-free flow device** for additional patient safety
- **Single patient use**
- **Medical grade PVC**
- **Latex and kink free**
- **Individually packed**

FLOCARE 800 PUMP

Rotary peristaltic pump, designed for controlling the delivery rate of enteral feeds into the gastrointestinal tract

- Clear LED display, illuminating whenever pump is switched on
- Flow rate 1-300ml/h in 1ml increments
- Dose feature 5-2500ml in 5ml increments
- 240 volt AC operation with integral mains lead
- An internal battery (12V 1.2 Ah sealed lead acid) provides 3-hour battery back-up. In the event of power failure the battery will automatically take over operation of the pump. Battery charges automatically when pump is connected to AC outlet
- Extensive audio and visual alarms
- Volume delivered and dose complete feature
- Integral handle, pole clamp and power cable
- Automatic internal diagnostic test of 11 different functions
- Designed for use with Flocare 800 giving sets
- CE mark, in compliance with directive: 93/42/EEC
- Size: 22 x 18 x 10 cm

PRODUCT CODE: 40426

REPLACEMENT BALLOON GASTROSTOMY TUBES

The gastrostomy tube for replacement of PEG or an existing gastrostomy tube

- Easy to use, easy to fit
- Kink-free tubing
- Designed for maximum patient comfort
- Sterile, latex free
- Main material: medical grade silicone
- Individually packed
- Colour-coded for safety
- Quick release clamp
- Silicone external retention disc
- Marked brand, length, CH and volume of balloon
- Tubing under balloon contains radio-opaque line
- Strapped cap

**BENGMARK NASO-INTESTINAL TUBES**

For duodenal and jejunal feeding

- ENFit compliant
- Silicone guidewire
- Unique spiral minimises tube dislocation
- Colour-coded for safety
- Graduated 10cm markings for NPSA compliance
- Strapped cap

100% radio-opaque material for x-ray verification of tube placement and NPSA compliance

**Spontaneous transpyloric passage**

Reduced need for endoscopic and fluoroscopic placement

Main material: medical grade polyurethane (except guidewire)

Easy aspiration for tube verification

Unweighted tube

Hydromer® coated tip

4 lateral outlet ports designed to minimise blockages

Sterile, latex free

Individually packed

FLOCARE INFINITY Z-STAND

Designed to fit the Flocare Infinity pump and any presentation of the Nutricia feed pack or Flocare container

ALSO AVAILABLE: THE FLOCARE 800 DRIP STAND

Designed to fit the Flocare 800 pump and any presentation of the Nutricia feed pack or Flocare container

Suitable for home-bound patients

Supplied as single units

ORDER CODE: 60678

Suitable for patients at home

Supplied as single units

ORDER CODE: 40361
FLOCARE INFINITY GO FRAME

Designed to hold the Flocare Infinity pump and any presentation of the Nutricia feed pack or Flocare container

For bedside and mobile use
Compatible with Flocare giving sets and Flocare containers only
Will also fit in patients own bag
Supplied as single units

ORDER CODE: 43247
FLOCARE INFINITY GO BAG

Compatible with the Flocare Go Frame to enable mobile feeding
Designed to hold the Flocare Infinity pump and any presentation of the Nutricia feed pack or Flocare container

- Enough space for a bottle giving set
- Elasticated Velcro® strap to secure any bottle size
- Available in black
- For adults and paediatrics
- Supplied as single units

ORDER CODE: 64432
FLOCARE INFINITY BAG*

Compatible with the Flocare Go Frame to enable mobile feeding
Designed to hold the Flocare Infinity pump and any presentation of the Nutricia feed pack or Flocare container

This is a chargeable item
Available in adult (black) and paediatric (red/blue) versions
Compact and discrete
Supplied as single units

ORDER CODES:
Adult (black) 44497
Paediatric (red/blue) 44496
FLOCARE CONTAINER

For decanting feeds and administration of water

Semi collapsible
Single use only
Sterile, latex free, Low density polyurethane (LDPE)
10 units per case

BOLUS ADAPTOR

Connector for bolus feeding or decanting from Nutricia Pack feeds, making it easy to pour directly from a feed into a syringe

- Pack can be safely resealed between feeds
- Sterile, latex free
- 30 units per case

ORDER CODE: 89740
BOLUS SET

Allows decanting of a tube feed into barrel of syringe to bolus feed

- ENFit compliant
- 60ml syringe
- Strapped cap
- Roller clamp for control of the flow of feed and/or water
- Latex free
- 30 units per case

ORDER CODE: 89752
EXTENSION SET

Extends the length of any giving set or feeding tube by 100cm

ENFit compliant

Strapped cap

100cm in length

40 units per case

ORDER CODE: 91393
BUTTON EXTENSION SET

Right angle lock for secure connection to button. Compatible with Mic-Key® Low Profile Gastrostomy and Fresenius Button Gastrostomy

- Strapped cap
- Quick release clamp for easy flushing and drug administration
- Latex free PVC
- ENFit compliant

Up to 7 days usage
5 units per case

ORDER CODE: 91398
2-PACK CONNECTOR

Connects 2 x Nutricia Packs of feed to one Flocare giving set and pump

Quick release clamps to close flow from either Pack simultaneously or independently

Sterile, latex free
Main material: medical grade PVC
30 units per case
ORDER CODE: 69915
**EXAMPLE OF EQUIPMENT NEEDED FOR CONTINUOUS FEEDING USING THE FLOCARE INFINITY PACK GIVING SET**
